

HFPN Article Submission Guidelines

Submissions are accepted via electronic mail only. We accept submissions in the form of queries and will not accept completed manuscripts. Please email your query to: Chere.Lucett@HFPN.com

Queries are a short synopsis of the content you wish to contribute - think of it as a short summary of the work. It should help me answer the following questions:

1. Does it match the job task analysis of what a professional needs to accomplish their day-to-day jobs?
2. Does it provide extended or in-depth knowledge of a topic area relevant to professional success in their field?
3. Will this topic garner excitement, interest or elevate our professional's knowledge base?
4. Will this content help create success for their clients and allow the professional to communicate expertise and knowledge to their clients about this particular topic?
5. Will our professionals be able to easily read, understand and utilize this content quickly, and apply immediately?
6. Does the content meet the standards set-forth by the National Academy of Sports Medicine as well as other top-notch educational organizations as scientifically valid, evidence-based and clinically applicable information?

Please do not send sample chapters, manuscripts, documents or stories - we will ask for those after we have reviewed your query if we are interested.

Please include your query into the body of the email (no attachments please)

Please include your credentials and complete contact information within the email (name, title, contact numbers and addresses)

Please indicate your writing history- you may include links to published work (samples of your work will be requested if we are interested in your query).
